Fusion Timeline

	When You Transmit	When They Transmit	When You Transmit	When They Transmit	When You Transmit	When They Transmit
You Transmitting	Red		Red		Red	
You Receiving		Blue		Blue		Blue
Them Transmitting		Red		Red		Red
Them Receiving	Blue		Blue		Blue	
Repeater Transmitting	Red	Red	Red	Red	Red	Red
Repeater Receiving	Blue	Blue	Blue	Blue	Blue	Blue
Node FTM-100 Transmitting		Red		Red		Red
Node FTM-100 Receiving	Blue		Blue		Blue	
Node Sending data to internet	Green		Green		Green	
Node Receiving data from internet		Green		Green		Green

Time →

Legend:

- Red indicates station TRANSMITTING
- Blue indicates station RECEIVING
- Green Indicates direction of internet traffic
- Light Gray indicates activity taking place on the Remote Node Station
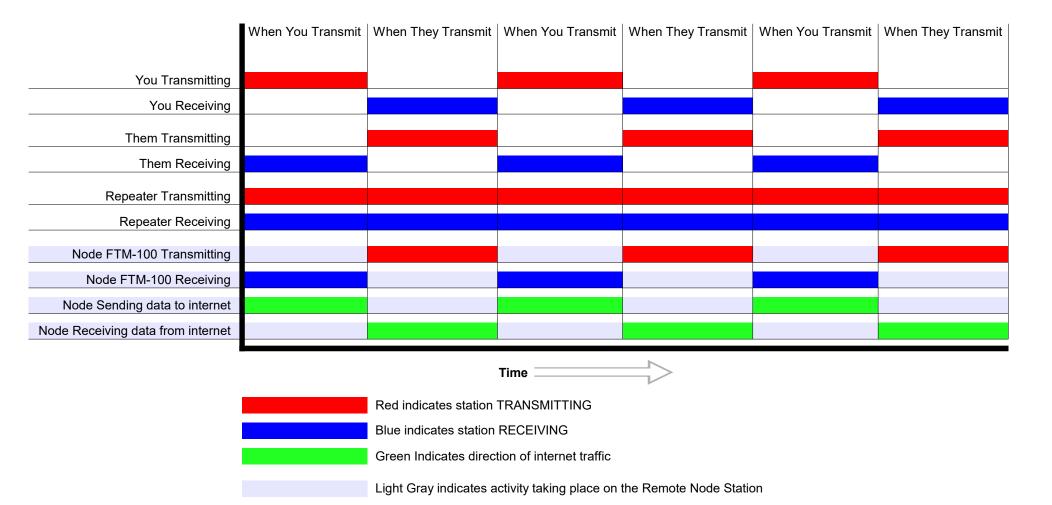

This graphic illustrates the flow of RF and DATA during a conversation on the Fusion Network where you are on a repeater different from the other station and your repeater is using a Remote Node.
